Home Automation

IN THIS MOMENT, I RULE.

EXPERIENCE A BRAND NEW WAY OF LIFE.

Changing times bring in the new and the futuristic. Let your home become an epitome of this change in lifestyle and luxury. Your soaring ambitions reflect in every aspect of your life and your home, your haven, should not be an exception. It's time to seamlessly integrate your life with a new lifestyle, a new ethos.

It's Simple. It's Precise. It's Innovative.

INTELLIGENT LIGHTING

See things in a new light everyday.

PRODUCT RANGE

GATEWAY | SMART SWITCHES - TRIAC, 0-10, DMX RGB, DALI |

MOTION SENSOR | SCENE CONTROLLER

Let your home reflect your mood - just tell Alexa or Google Home to turn on your favourite mood or simply create an entire ambience with a single touch with our beautiful and elegant smart switches.

Whether its dimming your cove lights or setting your favourite mix of red, green and blue, NUOS is there for you - everywhere, every time!

And what best - let NUOS spoil you, by turning lights on or off automatically based on your presence.

Its smart - Its Intelligent - its efficient! Sounds like Jarvis from Ironman - we think so too!

INDULGENT COMFORT AND CONVENIENCE

Feel comfortable in your own skin.

PRODUCT RANGE

CURTAIN CONTROLLER | DOOR LOCK CONTROLLER |
AMAZON ECHO | GOOGLE HOME | IR BLASTER | FAN REGULATOR

Did we mention that you could schedule your coffee maker or any other appliances for matching your busy schedule?

Or turning on the AC at your comfortable temperature and TV to your favourite channel with just one click of a button - Or better just tell Alexa or Google Home to do it for you sitting right from the comfort of your bad boy recliner!

Impress them guests with your swag - open or close those curtains just like you did during your last trip to that beachside paradise in Bahamas! Or better schedule them to just scare the hell out of them - thank us later for throwing that idea for your next prank!

Have a habit of forgetting your keys or just scared to leave the key under that carpet - worry no more! Just unlock your door remotely, sitting right in the middle of your board meeting!

HOME SECURITY

When nothing is sure,
everything is possible.

PRODUCT RANGE

OCCUPANCY SENSOR | DOOR SENSOR | MOTION SENSOR | IP CAMERA

Gone are the days when you worry about your most precious - you're Home!

Let your home notify you if you have left your door open behind you or worse if someone breaks in when you are away on your most awaited vacation.

Keep a watch on your loved ones from anywhere instantly by switching on the video feed on your NUOS App. Now that's how you get to play God except you still have to pay your bills - no false commitments there!

Trust your watchmen to keep a watch on your home? Worry not - just schedule lights to turn on and off to fake it till you make it; back home. And if that does not stop someone from trying to pull off a jewel thief - then NUOS will trigger a blaring Siren making them run for their money instead!

HOME SAFETY AND ANALYTICS

Feel the pulse of your home.

PRODUCT RANGE

CO₂ SENSOR | AIR QUALITY SENSOR | GAS LEAK SENSOR |
ECOSENSE | POWER SENSOR | COLOR TEMPERATURE | LUX SENSOR

Now monitor your home environment - whether it's for bad air quality or a freak gas leak. You will know if your air purifier is behaving as it should.

Know when your AC is consuming more power and schedule your next servicing.

Let NUOS automatically set the right color temperature and lux inside your home, optimum for fixing your circadian cycle for that exceptional sleep and well-being you have been seeking for.

Take charge and keep yourself and your loved ones comfortable and safe - Now, all the information is at your fingertips!

CUSTOMERS SPEAK

NUOS has provided me a perfect automation solution for my home. The system is simple to use that even my 80 year old parents are comfortable using it on their smartphones. The NUOS engineers are super efficient and within no time the entire house was fitted with smart switches that matched my decor as well. Now my home is not only beautiful, it is super smart.

Prasad Bhagare

Director, EFC Projects Pvt. Ltd.

Managing there street lighting for a 60-acre bungalow has turned into a mammoth task. NUOS handled it with precision. They installed an automation system for the network of street lights and this sensor based system had made the whole task of managing the lights idiot proof. We are even able to control it remotely using our phone. The whole job was handled professionally and they went out of their way to tailor a solution that catered to our needs. NUOS team is very knowledgeable about the technical aspects and are open to discussion and collaboration. We now have street lighting that works like a charm.

As working parents, our child's safety is always a paramount. NUOS and their sensor based system has made our life really easy and stress free. The installation and activation was handled quite efficiently and we had it working in no time. From the comfort of our rooms we manage the lights through the house especially in the kids room, without having to worry about our child being scared.
